

Product data sheet

4675-2

EAN-No. 4000896244348

191 mm

Application:

Damage-free unlocking of electrical plug connections on various components and sensors

- **Extra-long blade, curved at the head** allows access to hard-to-reach places
- Head offset 20 mm
- **VAG** group plug connections · **SCANIA** · **MAN** TGE / TGX model year 2020→, e.g. injectors · rail pressure sensors · fluid level sensors · ignition coils · vacuum sensors · brake wear sensors · pressure regulators · lighting systems
- Made in Germany
- Dimensions / length: 191 mm
- Length l1: 132 mm
