

# Product data sheet

## 9032-06 KU

EAN-No. 4000896226801

### Application:

Universal use in metalworking on almost all materials.

Deburring, rounding, levelling or machining contours

- Long service life and good cutting performance when used on diverse materials
- Milling pin, spherical shape,  $\varnothing$  9 mm
- For hand-guided or stationary drive machines
- According to DIN 8032

### HAZET application tip:

- **Use as high speeds as possible**
- Contact surface between milling pin and workpiece should not exceed 30 % of the complete milling circumference
- Milling pin with 6 mm shaft
- Working length: approx. 19 mm (cylindrical and cone-shaped)
- Made in Germany
